School Bus Service

To be eligible for inclusion on a school bus, students must meet a certain requirement.

1. **Distance from school being 5km or more.** However students who do not live in the Willunga High School zoned area are not eligible for DECD buses.
2. Special dispensation (eg educational requirements of particular students, special education programmes, student disabilities, behavioural management considerations).
3. **Available room on the bus.**
4. Discretionary decision, because of mitigating circumstance. All approvals other than those based on being more than 5km from the School will be reviewed annually.

**Information regarding allocated buses and timetable/stops will be posted in January 2017.**

All students using the bus service will be issued with a bus pass. Students are required to carry this pass with them at all times. The bus driver will be issued with a list of all students using this service and will check the student’s bus pass on a regular basis.

This bus service is provided by the Department of Education and Children’s Development at no cost to families. It is expected that students will comply with the Code of Conduct while using this service.

Please contact either Kylee Weakley (Student Services Coordinator) or Haley Prizilla (Assistant Principal Middle School) if you require any further information regarding this arrangement.

All students and parents/guardians are required to read the attached Code of Conduct and return in the reply paid envelope by

Yours sincerely

kwe

Kylee Weakley
Bus Coordinator

Anthony van Ruiten
Principal
