

12 November 2020

Dear parent/caregiver

We are fast approaching the end of the year and we would like to make you aware of the many events and learning activities that your child will be engaged in over the next 4 weeks. Thank you for your support in ensuring your child is at school throughout this time.

Year 10

Year 10 students will be engaged in their first practice at formalised exams in week 6. They will occur during their second lesson for the week in English, science, general mathematics, mathematical methods, Japanese and history. Students will undertake the exams in different locations to simulate exam conditions to begin to prepare them for exams in senior school, these are compulsory.

On Wednesday students will be involved in the mock accident event to raise awareness of road safety as they are approaching that time of their lives where they will become drivers. Consent forms have gone home for this and should have been returned.

In week 8 students will undertake a transition program in preparation for year 11.

Year 11

Year 11 students will engage in exams to further develop their skills and strategies for successfully sitting exams in week 7. Students are expected to attend all their normal lessons during that week except when they are in an exam.

Exams will be on Monday lesson 1 – Wednesday lesson 1, with normal classes for the rest of Wednesday. On Thursday and Friday students will be involved in transition, in which they will begin their subjects for year 12. It is essential that all students doing year 12 subjects attend these days.

Students who have not completed their research project, English or mathematics subjects will spend the Thursday and Friday working intensively to ensure they finish these. If they do not finish these, they will be required at school in week 8 to do so. Students will not be able to begin year 12 without having completed the research project, English and mathematics.

Please see over for the Stage 1 exam timetable.

Yours sincerely

Jane Barnett
Assistant Principal
Senior School

Anthony van Ruiten
Principal

Stage 1 exams 2020 (week 7)
