### Reports

<b>Principal</b>	Course counselling for next year has occurred; high level of engagement by students in actively choosing subjects for next year. Some subjects cannot be run due to school or class size, but many of the choices for next year appear quite clear cut in comparison to previous years.	
------------------	---	--

	<p>Updated M&amp;S fee was not watermarked in time for open discussion at tonight's Governing Council meeting, so it will occur at the next Governing Council meeting.</p> <p>Royal Show – Most Professional team Merino, two first prizes for chicken eggs. Will participate again next year with the knowledge and experience from this year's event. Staff supporting the students to participate are greatly appreciated for their efforts.</p> <p>Staffing – no advertised positions for next year to due declining enrolments, but Karen Meaney (agriculture) converted to permanency. Haley will work with Yankalilla principal in term 4 and term 1 2024 as part of her progression to becoming a principal somewhere in the near future; Phil Brown will assume the deputy role during her absence. School hopes to fill Phil's position internally.</p> <p>As the Minister's visit did not occur, his office has suggested a virtual meeting at a later date instead.</p>	
<b>Finance</b>	<p>Pam was waiting for August books to be released in time for tonight's meeting, but this did not occur. Concern about canteen running at loss primarily due to lack of volunteers – student volunteers lost interest quickly. Possibly approach Southern Volunteering to see if they have any availability. Menu at canteen being sold below cost, because Governing Council have not risen individual prices on menu (hard for Council to approve any increases if issue has not been raised at meetings). Students unable to pay via phone has also led to a decrease in sales.</p> <p><i>All governing council members in favour of approving an increase on individual menu prices as necessary to ensure viability of the canteen.</i></p> <p>Governing Council members would like to acknowledge the hard work Kirsty does in the canteen, and we are happy to work with her to support the valuable work she does.</p>	<p>Anthony to ensure Pam will pass on reports to Alison for distribution to all GC members when available.</p> <p>Katherine to readvertise on FB pages for volunteers.</p>
<b>Staff</b>	<p>Mobile phone policy implementation continuing to positively impact the student body. Ellen Lawrence is a new maths and science teacher for the school, and Chris Holmes is now head of IT.</p> <p>Successful PD day on curriculum and assessment design, and a PD day scheduled for November on differentiating curriculum.</p>
