

## Enrolments and Admissions Policy

### Mission Statement

Willunga High School creates an inclusive learning environment that provides high quality, innovative learning opportunities for young people that enable them to become highly successful global citizens.

Willunga High School follows [Department for Education \(DfE\) School and Preschool Enrolment Policy](#). As a DfE school, our enrolments are determined predominantly by our families residing in a designated area (zone) near to the school. Students can enter the school from outside the zone through the state-wide transitions process or via the schools self-managed enrolment processes if the school has the enrolment capacity. Our enrolment policy supports diversity and works in conjunction with our Inclusion Policy. When in zone, all students are eligible for enrolment regardless of ethnicity, culture, religion, gender, sexual orientation, political beliefs, or disabilities. Willunga High School has three school-based specialist programs a HIP Program supports students with high intellectual potential, and Netball and Basketball Academies which support talented students who are not able to access these programs elsewhere. As an International Baccalaureate Middle Years Program (IBMYP) school, all students work to develop the following IB Learner Profile attributes.
